

## ACT Growth Modeling Resources

Name of file: *Projection Plan to QualityCore Pre-Calculus (18 to 24 month).csv*

### **Assessments and Growth Period**

Test 1: *Plan*

Subject 1: *Multiple subjects*

Test 2: *QualityCore*

Subject 2: *Pre-Calculus*

Primary test 2 grade level: *11 (95%)*

Length of growth period: *18 to 24 months*

### **Data Summary**

Date last updated: *September 4, 2013*

Student cohorts: *2010 to 2014*

N (students): *4,853*

N (schools): *85*

### **Description of Fields in File**

| Field    | Description   |
|----------|---|
| Test1    | The assessment used at time 1.  |
| Test2    | The assessment used at time 2.  |
| Subject1 | The subject area of the test used at time 1.                                  |
| Subject2 | The subject area of the test used at time 2.                                  |
| Variable | The name of the predictor variable.   |
| Weight   | The weight of the predictor variable (multiplier) used to get the projection. |
