Testing Irregularity Report (IRR) Issue Category and Subcategory Information

All submitted Testing Irregularity Report forms need to include an **Issue Category** and **Subcategory** that best reflects the **underlying cause** of the problem. Also provide a detailed account of the issue and its effects in the **Description of Irregularity** field, and include resolution information in the **Action Taken** field. Refer to the table below for examples of issues and prompts for detailed information to include in the IRR form.

| Environment     | Disturbances and Distractions| A commotion inside or outside of the test room affecting the examinees' concentration, which could not be stopped, such as noise from nearby construction or extreme room temperature (hot or cold). | - What was the cause of the disturbance or distraction?  
- How long did the disturbance or distraction last?  
- Did you call ACT for instructions? What were the instructions you were given?  
- What measures did you take to minimize or stop the disturbance or distraction?  
- Was it necessary to move the examinees to another location? Describe how you accomplished the move.  

Online only: Were test sessions paused?  
Paper only: What was done with test booklets and answer documents? |
| Emergency Evacuation |                              | Fire, tornado, etc., resulting in evacuation and/or relocation of examinees during testing.                                                                                                             | - What was the cause of the emergency evacuation?  
- How much time had elapsed in the testing administration?  
- Did you call ACT as soon as you were safe? What were the instructions you were given?  
- Where were examinees and testing staff taken to be out of harm’s way? Was everyone safe and accounted for?  

Online only: Were test sessions paused?  
Paper only: What was done with test booklets and answer documents? |
| Inclement Weather |                              | Bad weather (e.g., snowstorm, tornado, hurricane, etc.) severe enough to either cause the test site to close or testing to be terminated.                                                           | - What were the weather conditions?  
- How were examinees impacted?  
- Did you call ACT for instructions? What were the instructions you were given? |
| Power Failure    |                              | Test site power failure (e.g., heating or cooling, ventilation, lights).                                                                                                                                  | - What type of power failure occurred?  
- How long did it last?  
- Did you call ACT for instructions? What were the instructions you were given?  
- How were examinees impacted?  
- Was the source of the power failure discovered? |

</table>
| Examinee              | Behavior        | Disruptive, prohibited, or irrational behavior | ▪ Explain the specific behavior (e.g., failure to follow directions, giving or receiving assistance [copying answers], or violence).  
▪ How were other examinees impacted and how many were involved?  
▪ For how long?  
▪ Was the behavior severe enough to require the examinee to be dismissed?  
▪ Did you call ACT for instructions? What were the instructions you were given?  
▪ What measures were taken to resolve the situation?  
  
  **Paper only:** Were the answer documents **voided**? If so, it is **important** to include the following details:  
▪ The **time** of the incident and the **name(s)** and **ID(s)** of the **examinee(s)**  
▪ The **test room number** and the **location** of the examinee(s) (e.g., seating location(s) or computer workstation number(s))  
▪ The details of what **behavior** you observed  
▪ The **statements** you and the examinee(s) made  
▪ The **name(s)** of the **testing staff** who observed or were certain of the irregularity.  
| Complaint             |                 | Challenge about test items/questions or complaint about testing experience. | ▪ What was the examinee’s complaint?  
▪ Which test item/question is the complaint referencing?  
▪ What actions were taken by testing staff to resolve the immediate issue?  
| Identification/Late   |                 | Improper ID and/or late arrival.        | ▪ What form of identification was presented?  
▪ How late was the examinee?  
▪ Was the examinee prohibited from testing?  
| Illness               |                 | Examinee illness before, during, or after test. | ▪ Did the examinee complete the test?  
▪ Were other examinees impacted? If so, how?  
▪ What happened with the ill examinee?  
| Navigation            |                 | Online only: Difficulty navigating online test. | ▪ What navigation difficulties did the examinee have?  
▪ If any error message(s), appeared on the testing workstation, what were they?  
▪ Was ACT Customer Care at 800.967.5539 called for technical assistance? If so, did the customer service representative provide you with a case number? Please include the case number.  
| Proctor/Testing Staff | Behavior        | Inappropriate or inattentive behavior   | ▪ What was the behavior?  
▪ How did it impact examinee(s)?  
▪ What was done to correct it?

| Proctor/Testing Staff (continued)     | Compliance                 | Misinterpreting testing administration policy                           | ▪ Which policy was misinterpreted?  
▪ How did it impact examinee(s)?  
▪ What was done to correct it? |
| Error                                 | Online only: Authorizing incorrect test  
Paper only: Mistiming (i.e., any deviation from timing the tests exactly) | ▪ What was the error?  
▪ How did it impact examinee(s)?  
▪ What was done to correct it?  

Paper only: There are very specific guidelines in the administration manual on how to handle mistiming irregularities. Describe which type your site experienced and how it was handled. |
| Technical (Online only)               | ACT Network Failure        | Online only: There were long delays between the presentation of test items/questions. Or examinees were automatically paused and unable to proceed through the test. ACT corporate network outage; system delivering tests was down. | ▪ How long were the delays?  
▪ What was done to resolve the issue?  
▪ What type of technical failure occurred at your test site?  
▪ How long did it last?  
▪ How were test sessions affected?  
▪ Were the examinees able to test?  
▪ What error messages, if any, were on the workstations?  
▪ Was ACT Customer Care at 800.967.5539 called for technical assistance? If so, did the customer service representative provide you with a case number? Please include the case number.  
▪ Was the problem resolved? If so, how was it resolved and how quickly? |
|                                      | Site Network or Workstation Failure | Online only: Incompatible browser. Loss of Internet service provider’s (ISP) connection, loss of local area network (LAN) connection, or testing workstation froze or crashed or had (an) error(s). | ▪ Were the TAO System Check and Validation Check done before examinee(s) arrived?  
▪ What type of technical failure occurred at your test site?  
▪ How long did it last?  
▪ How were test sessions affected?  
▪ Were the examinees able to test?  
▪ What error messages, if any, were on the workstations?  
▪ Was ACT Customer Care at 800.967.5539 called for technical assistance? If so, did the customer service representative provide you with a case number? Please include the case number.  
▪ Was the problem resolved? If so, how was it resolved and how quickly? |
| Test Materials (Paper only)           | Defective Printed Materials | Paper only: Defective answer document or test booklet                  | ▪ What type of defect was found with the test materials?  
▪ Did you have sufficient quantities of the same type of test materials to replace the defective ones or did you need to call ACT for further directions?  
▪ Did you mark “Defective Material Void” on the defective test materials? |
### Test Materials
(Paper only, continued)
